

# FY99 Spend Plan

- JECPO funds EC prototypes until sustainment funding can be programmed into the next PPBS POM Cycle (NTE 3 years after IOC)
- JECPO will provide funding to augment DoD wide EC initiatives already taking place in the services and agencies
- JECPO gives higher priority to initiatives that do one or more of the following:
  - Have joint applicability (vs Agency/Service unique)
  - Contribute to the strategic infrastructure
  - Are part of the paperless acquisition and life cycle support
  - Contribute to implementation of paperless acquisition and life-cycle support
  - Have significant Return On Investment (ROI) as a result of the EC initiative
  - Have completed a business case, defined functional proof of concept, and has undergone business process reengineering
  - Consistent with the Goals & Objectives in the Strategic Implementation Plan
